Diesel spill discovered at road and bridge site

- Fuel found likely leftover from previous uses
- Won't halt new construction
- County hiring specialty firm to mitigate issue

By KATHARHYN HEIDELBERG
MONTROSE DAILY PRESS SENIOR WRITER

Construction of Montrose County's new Road and Bridge Department facility hit a snag when crews digging trenches apparently hit diesel-saturated soil.

The discovery means work in the directly affected area is on hold until an environmental firm can be brought in to address the fuel to the state's satisfaction, County Manager Ken Norris explained.

The discovery does not mean all work at the Lasalle Road site has halted, Commissioner Keith Caddy said.

The county purchased the parcel about two years ago from United Companies. The site's prior uses include

Construction crews at the Montrose County's new Road and Bridge facility found what appears to be diesel-saturated soil while digging a trench on the east edge of the location. (Paul Hurschmann/Montrose Daily Press)

concrete and asphalt batching, plus sand and gravel production.

"Before we purchased the property, we did a phase-one environmental study. As a

result of that, we determined we would also do a phase-two study, which involved placing

six ground monitoring wells on the property," Norris said Thursday.

The wells were tested over a two-month period, at the time, yielding a clean bill of health, and the county went forward with the purchase.

Ridgway Valley Enterprises, the contractor for the road and bridge building, is installing underground waterlines for domestic water and fire protection purposes. As part of this work, the company began running trenches. In one area, on the east side of the 14-acre parcel, there was a strong diesel smell for about 100 to 150 feet, Norris said.

"At that point, we stopped all trenching activities and called time-out until we figured out what to do," he said.

In the meantime, waterlines elsewhere have

Montrose Chamber of Commerce gets new home

Old location sold to local contracting company

SPECIAL TO THE MONTROSE DAILY PRESS

The Montrose Chamber of Commerce announced Friday it has moved all operations inside Proximity Space, 210 East Main St.

The move has been long anticipated as the Chamber's former location, 1519 East Main St., has been for sale for nearly two years.

John Renfrow, of Renfrow Realty, was key in finding the right match in a buyer (for the building), according to Chamber Executive Director Chelsea Rosty. As of April 3, the building will be occupied by local contracting company, Proset Construction Inc.

Proset Construction Inc. is a general contracting company focused in the Western United States region, with its emphasis being commercial modular construction. Proset focuses on hotels, apartments, assisted living complexes, as well as

Hospital earns new honor

STAFF REPORT

Montrose Memorial Hospital, previously named as one of the top 100 rural community hospitals in the country, now sits as one of the top 20 rural hospitals, according to the National Rural Health Association's recent ranking.

Montrose Memorial stands alone among Colorado hospitals to receive the enhanced ranking, which is based on overall performance from a composite rating in the categories of inpatient market share, outpatient market share, quality, outcomes, patient perspectives, costs, charges and financial stability.

The top 20 hospitals were selected from iVantage's top 100 rural community hospitals list that was released in February.

Hospital CEO Steve Hannah thanked Montrose Memorial Hospital Inc.'s board of

directors and the facility's 700-plus staff members.

"Our mission is to provide health care services to our communities with excellent service, compassion and fiscal responsibility," Hannah said in a news release.

"This achievement demonstrates that we live up to our values and deliver to our friends and family the excellent health care services they deserve and expect."

Staffers and the medical community earned the honor through determined efforts to provide high-quality care in a fiscally responsible manner MMHI Chairman Ron Courtney said, also in the news release.

"What is especially gratifying to me is that this award is based on a 360-degree view of our health system, including service, financial strength

and quality of care. It is very hard to excel in all eight facets they evaluate in ranking hospitals for this award — ranking in the top 20 is a tremendous accomplishment."

The data analysis compared MMH to about 800 other rural community hospitals. It and the other hospitals in the top 20 will be recognized during a May awards ceremony in San Diego.

high-end custom residential in re-sort markets.

The Montrose Chamber made the decision to leave its large building on East Main and downsize to Proximity Space for several reasons, according to Rosty.

“We felt it was time to become lean

in our fixed costs so that we could put the majority of our expenditures into programs for our businesses,” Rosty said. “Additionally, Proximity Space is a melting pot for small business, entrepreneurs, and startups. It makes perfect sense that we be physically centered in that world.”

Rosty added that to her knowledge, the Montrose Chamber of Commerce is the first of its kind to operate out of a coworking space.

“We have to make chambers

relevant again,” she said, “This move is our very physical statement of that initiative.”

Proximity Space was created and founded by Josh Freed, Dennis Lankes and Travis Scheidegger. Its philosophy is “We believe the Proximity to each other, in a connected Space, will produce the opportunities of the future.”

“Seeing the chamber join Proximity Space downtown is the realization of a conversation that’s

been taking place for some time,” Proximity Space CEO Josh Freed said. “We are fortunate to see successes come from the connections between our members and the community. The Chamber of Commerce being centrally located and involved in the conversations of today and the ones yet to take place will continue to push Montrose forward in innovation and community engagement.”

For questions or comments, contact Rosty at 970-249-5000.
